BUSINESS:

1. Papers on the subject of cancellation or non-renewal of coffee-shops, eating-houses, etc., in the case of a successful prosecution or on representation from the Chinese Protectorate that the shop is used for immoral purposes, together with a suggested condition to the effect that "the licence is liable to immediate cancellation without compensation if the Chairman, Sanitary Board, is satisfied that the premises are being used for immoral purposes" were laid before the Board for consideration. The Board agreed to endorse all such licences in the future.

2. The Chairman read a letter from the Chief Accountant, Federated Malay States Railways, asking that the Board pay a commission of $7\frac{1}{2}$ per cent. on the sums collected for them by the Railway Department, as is done in Kuala Lumpur. The Chairman explained that all water-rates and conservancy fees due from the railway subordinate staff were collected by that department, and paid into the Sanitary Board monthly, and that it was a very great assistance to the Sanitary Board. The Board decided to recommend that the request of the Railway Department be acceded to.

3. Board considered application from certain pedlars asking for licences to sell during the evenings in Wallich Street. The Board had no objection to the sale of clothing, etc., at Wallich Street, but considered that these pedlars should be licensed by the Police.

4. Board considered an application from the Secretary of the Federal Advertising Co., Kuala Lumpur, asking to be allowed to put up paintings (for advertising purposes) on suitable walls within the Sanitary Board jurisdiction. The Board after discussion decided to inform applicant that all proposed designs, together with information as to the site, and the premises concerned must be submitted to and approved by the Board before any painting is done.

5. The Chairman read a letter from the Magistrate, Seremban, suggesting that the speed limit for automobiles in Seremban town be rescinded. A minute from the Chief Police Officer on the subject was read, the Board were unable to recommend any alteration of the existing rules. Chairman informed members that new speed limit notice boards in various languages were on order.

6. Papers and plans showing suggested sub-division of lot 67, the property of K. Arumugam, were laid before the Board and discussed. Regarding the approach road it was decided to enquire further from the Town Planner, it was also decided to ask the State Engineer, Selangor, if he would supply a plan of the quarters Class VIII which it was proposed to erect, the Executive Engineer promised to put up a rough estimate of the cost of approach road. A sub-committee consisting of Collector of Land Revenue, Chairman, Sanitary Board, and Mr. K. Browne were appointed to discuss the matter with the owner K. Arumugam.

7. Board considered a letter from the Principal Medical Officer, Federated Malay States, re the placing on permanent exhibition in the large towns displays from the Public Health Education Committee, Infant Welfare Advisory Board and the Malaria Advisory Board. The Board were in favour of the proposals, but decided to enquire what space would be required, and what form the exhibits would take. The Board considered that the Government Outdoor Dispensary in Lemon Street would be a suitable centre for demonstrations.

8. Papers dealing with dial balances in the market were laid before the Board, together with a series of tests made over a period of one month. The results were unsatisfactory and the Board decided to permit stall-holders in the market to use dachings at any rate for the time being. It was further decided to return several of the balances to the makers together with a copy of the tests made. The Chairman reported that the Klang Sanitary Board were obtaining ordinary counter scales from England and had asked if the Seremban Board were disposed to join in a combined order. The Board decided to reply that they were unable to do so.

9. Board considered an application from Mr. Wright on behalf of Messrs. Thong Huat & Co. for permission to erect a petrol supply pump in their premises No. 86, Birch Road. Chairman pointed out that this was a similar application to the one submitted in February last, except that the pump was to be inside the shop and not on the five-foot way. The Board decided to refuse application. The Collector of Land Revenue suggested that the question of visible petrol fillers in shop-houses be brought up for further consideration in three months. This was agreed to.

10. Papers dealing with joint storage benzine and kerosene store at Mantin together with correspondence between the Asiatic Petroleum Co. and the Executive Engineer, Seremban, was submitted to the Board and a letter from the Asiatic Petroleum Co. read. The Board after discussion decided to confirm their former decision, *re* dividing wall and additional door being constructed, but decided that as the procedure, varied in different States, to bring the matter to the notice of Government.

11. Papers dealing with the prices of coffee and tea per cup were laid before the Board for consideration. Chairman reported that letters had been received from both the coffee-shop keepers and from consumers on the subject. The cost of milk, sugar and coffee had fluctuated a good deal during the last few months. The Board after discussion decided to approve a charge of five cents per cup with milk and four cents without as was done in Klang.

12. The Chairman, Licensing Board, asked that the Board forbid the hawking of curry stuff within 50 yards of the toddy-shops within the jurisdiction of the Board, under by-law 91 (iii). The Board agreed, notice in Tamil to be prepared and exhibited at the toddy-shops concerned.

13. Chairman read a letter from the Secretary, Nilai Club, asking that a grant might be made towards the upkeep of the Padang at Nilai, which had now been fenced and levelled. The Collector of Land Revenue said that assistance would be required in the course of a month or so. The Board approved one or two grass cutting coolies being engaged and paid by the Board with effect from the 1st September.

14. Chairman informed Board that the Executive Engineer had reported that houses Nos. 24 and 25 at Mantin were in a dangerous state and should be removed, both were very old buildings and some time ago certain repairs had been allowed.
